I clearly print name do hereby express my desire to learn to protect myself from Sexual Assault through attendance of an MP USA, Inc.-sponsored Ladies-only Self Defense Seminar. I understand that these seminars cover adult subjects (i.e. Rape, Sexual Battery, Sexual Assault, Abduction, etc.) and agree to hold harmless MP USA, Inc. and all interested parties should I be offended by any of the covered material.

I understand that in this Seminar I will be requested to participate in various self defense drills with other attendees, MP USA, Inc. volunteers and instructors and that said drills involve physical contact and manipulation so that I may learn the practice behind this self defense rather than theory alone. By signing below I agree to hold harmless MP USA, Inc., their assigns and/or partners as well as all fellow seminar attendees should I be harmed or injured in any way before, during or after attendance of this Seminar. I understand that photos and video may be taken of this workshop and I allow MP USA, Inc. to use these in promotion of future workshops in any way they choose.
