

Soaring Eagles Firearms Safety Basic Training

ABOUT OUR INSTRUCTORS

Wayne Jones is a certified Federal and California Department of Justice Firearms Instructor. Mr. Jones acquired his wide array of firearms knowledge as a federal agent where he also served as a Range Master for 24 years.

Mr. Jones' expertise ranges from basic pistol shooting and safe handling of all types of weapons, to survival shooting techniques and more advanced tactical weapons training.

Michael McCarthy is a retired firefighter, health and safety professional and gun enthusiast. Michael has spent over 40 years as a gunsmith, trainer and expert marksman in the Firearms industry. Under his tutelage, decades of Bay Area Law Enforcement Cadets were firearm qualified in compliance with Peace Officer Standards and Training (POST). Mr. McCarthy's firearm training approach emphasizes safe use of firearms as a defensive tactic.

Together, Mr. McCarthy's and Mr. Jones' experience offers learners a safe, professional family-protective firearms safety experience.

Together, Mr. McCarthy's and Mr. Jones' experience offers learners a safe, professional family-protective firearms safety experience.

WHAT WILL I LEARN?

The Firearms Safety Basic Training is an 8 hour course designed to provide solid firearm safety guidelines. Soaring Eagles Firearms Safety believes in the 2nd Amendment, but also believe every gun owner is responsible to handle and secure their weapon in a safe manner.

This course will train learners in proper and safe handling of their weapon. Skills acquired will include, loading, unloading, and firing the weapon with accuracy. Students will explore different types of firearms including handguns, shotguns, and rifles.

The course will also provide administering the FSC test and certification as needed and knowledge for the new or aspiring gun owner in four key areas:

- Weapon functionality and safety,
- Weapon compatibility, i.e. which weapon might best suit their needs,
- Legal implications of Conceal Carry of Weapon (CCW)
- Assistance with preparation for the California Firearm Safety Certificate (FSC) which is required to purchase a handgun in California.

WILL WE VISIT THE LIVE RANGE?

*Actual firearms training at a live fire range will take place at the discretion of the instructors and students.

FEES

Fees: \$150.00 (Includes 8 hours classroom instruction and live fire instruction at the range.)

*Range fees not included

*\$25.00 additional to obtain Firearm Safety Certificate
