# SWIM LEVEL PREREQUISITES

NEW!

FOR PRESCHOOL AND SWIMMER PUBLIC LESSONS.

## FAQ

### What is changing and why?

Starting December 18, 2025, swim level prerequisites will be implemented on Preschool and Swimmer public lessons.

Until now, registration has been based only on age prerequisites. Beginning December 18, swim level prerequisites will also be required. Example: swimmers must pass Swimmer 1 before registering in Swimmer 2.

### How does this work?

We use a registration system feature called Activity Outcomes — which is a digital record of your swimmer's progress (pass/fail) at Panorama Recreation. Each time your swimmer completes a lesson at our facility, their Activity Outcome is recorded, so you'll always know which level to register for next. When you register -our registration software references your swimmers activity outcomes to ensure they have completed the prerequisite level. A prerequisite level is a swim level the swimmer must complete before progressing to a more advanced level. If your swimmer's activity outcomes are out of date, incorrect or missing, you may not be eligible to register into your desired level.

### Why are we doing this?

- Group swimmers correctly by age & ability
- Support safe and effective learning
- Remove uncertainty and mistakes during registration
- Improve accuracy of waitlists
- Program more responsively to demand.

# IMPORTANT

**ACTIVITY OUTCOMES**  
**Must be accurate and on the swimmers account prior to registration.**

Our registration software **WILL NOT** ALLOW YOU TO REGISTER without the required age & level prerequisites.

## HOW TO UPDATE ACTIVITY OUTCOMES

### Option 1: Email Proof

swim.proof@panoramarec.bc.ca

### Option 2: In Person

Drop by any of our reception desks and show them proof.

### Don't have proof?

Book a free skills assessment. They are available almost everyday!

### What counts as proof?

Physical or digital copies accepted:

- Report Card, Certificate etc.
- Email, Letters (from other swim lesson provider)

## LOOKING FOR SWIM LESSON ACTIVITY OUTCOMES?

1

Visit [panoramarecreation.ca](https://panoramarecreation.ca)

2

Log in to your account

3

Click on the profile of the swimmer

4

Scroll until you see "Activity Outcomes"

5

Click on the drop down arrow for Activity Outcomes

6

That's it! You can see all the activity outcomes for your swimmer!

If you have taken a lesson with Panorama Recreation, your activity outcomes will be inputted automatically.

If you are currently in swim lessons your activity outcomes will be inputted prior to next swim lesson registration.

If you don't see your activity outcome - or it seems wrong contact: [info@panoramarec.bc.ca](mailto:info@panoramarec.bc.ca)
